DRILLING ON GOLDIE GOLD COMPLETES 7 DRILL HOLES, INITIAL ASSAY RESULTS PENDING....AIRBORNE MAGNETIC AND RADIOMETRIC SURVEY FOR ON STRIKE URANIUM CLAIMS TO BEGIN THIS WEEK....DRILL RIG FOR CHURCHILL URANIUM/GOLD PROJECT SECURED

KIRKLAND LAKE, ONTARIO, JUNE 13, 2007 - RJK Explorations Ltd. (the "Company") (TSX VENTURE: RJX.A) announces that the drilling program on its joint-venture Goldie Gold Property located just west of Thunder Bay, Ontario has now completed 7 drill holes and initial assay results are expected shortly.

The initial drilling is testing a 1000+ meter anomaly which had never been drilled and will then go on to test a number of other anomalies located on the claim group. Previous drilling near the anomaly currently being drilled had intersected 1.73 grams/ton over 14.5 meters and 1.68 grams/ton over 5.7 meters along with surface samples ranging from 0.23 g/t up to 40 g/t with visible gold.

The Goldie Gold claim group is bordered on the south by the Trans Canada Hwy and has a power line running through it. Access is excellent and the drilling rig being used is committed to the project for as long as the Company requires.

RJK Explorations Ltd. has been notified by Atomic Uranium Inc., a private company, that an airborne magnetic and radiometric survey to cover the On Strike Uranium claim block located 77 km southwest of Ottawa in the East Bancroft area will begin this week. The On Strike Uranium claim group was optioned by Atomic from RJK and is contiguous on the southwest to a larger claim group held by Frontenac Venture Corp., another private company that recently announced that it had entered into an agreement to be acquired by Silvio Ventures Inc. (SIV.H), which is currently halted.

RJK Explorations Ltd. is also pleased to announce that it has secured a drilling rig for the Churchill Uranium/Gold property located just 4 miles east of Churchill, Manitoba where previous trenching and sampling had shown values at surface of ½ lb. to 1 lb. U3O8 and 1 gram to 3 grams gold per ton.

RJK Explorations Ltd. will be attending the 2007 World Gold, PGM and Diamond Conference in Vancouver on June 17th and 18th at the Vancouver Convention Center. RJK will have **Booth # 411** and Glenn Kasner, President will be attending and the Company will have up-to-date maps, results and information available.

If you wish to attend the Conference, you can register for free at this web site: https://www.cambridgeregistration.com/convPages/conv_20.lasso.

About RJK Explorations Ltd.

RJK Explorations Ltd. is a publicly traded junior exploration company with uranium, gold and base-metal properties. The company is taking an aggressive hands-on approach to its current portfolio of projects as well as acquiring additional exploration projects when the capital and opportunity present themselves.
