

**RJK Explorations Updates Progress on the On Strike Uranium Claim Groups in Ontario**

Kirkland Lake, Ontario - Sept. 17, 2008: **RJK Explorations Ltd. (RJX.A: TSXV)** ("RJK") wishes to announce that Green Bull Energy Inc. ("GBE"), (a private company formerly known as Atomic Uranium Inc.) has updated the status of its 3 year option agreement to earn a 60% interest in RJK's On Strike North and On Strike South uranium claim groups in the east Bancroft area of Southeastern Ontario.

GBE has recently entered into a Qualifying Transaction agreement with TAC Capital Corp. (TAC.P: TSXV), a capital pool listed on the TSX Venture Exchange. GBE also advises RJK that it has spent \$125,000 to date on exploration over the claim groups with the intention of conducting more extensive exploration in the 2008 – 2009 season to fulfill its second year spending commitments. Their exploration included helicopter-borne radiometric surveys of both the North and South On Strike groups which revealed many uranium showings and radiometric anomalies. RJK also understands that Frontenac Ventures Corporation, a private company holding a substantial uranium claim group bracketed on both sides by the On Strike North and South claim groups, has now spent almost \$5 million over the last two years on a very aggressive exploration program.

At the request of GBE, RJK has agreed to adjust the On Strike property option agreements to read:

For the On Strike North Claim Group - GBE made an initial \$25,000 cash payment, will incur up to \$905,000 in expenditures and issue up to 400,000 shares of Green Bull over a 42 month period.

1. 100,000 shares and expenditures totaling \$75,000 on the property from June 16, 2007 to August 31, 2008
2. 150,000 shares and expenditures totaling \$230,000 on the property from June 16, 2008 to August 31, 2009
3. 150,000 shares and expenditures totaling \$600,000 on the property from June 16, 2009 to August 31, 2010

RJK Explorations Ltd. will retain a 1% net smelter royalty return subject to a buy-back by Green Bull of up to 0.5% with payments to \$600,000.

For the On Strike South Claim Group - Green Bull made an initial \$15,000 cash payment, will incur up to \$400,000 in expenditures, and issue up to 225,000 shares of Green Bull over a three year period.

1. Year One – 75,000 shares and expenditures totaling \$30,000 on the property from October 11, 2007 to October 11, 2008
2. Year Two – 75,000 shares and expenditures totaling \$100,000 on the property from October 11, 2008 to October 11, 2009
3. Year Three – 75,000 shares and expenditures totaling \$270,000 on the property from October 11, 2009 to October 11, 2010

RJK Explorations Ltd. will retain a 1.5% net smelter royalty return subject to a buy-back by Green Bull of up to 1.0% with payments to \$1,000,000.
